Agenda

The purpose of the meeting was as an informational presentation on upcoming "home inspection" questions. Chris and Matt explained the process and signed up residents for home inspections. Unfortunately only five residents attended meeting. Matt and Chris suggested Town e-mail Sewer Three residences as a way of getting the word out relative to Home Inspections.

They also suggested that signup sheets be placed on counter in town office. Town would need to inform residents about office signup.

Another suggestion was to use Town Website to disseminate sewer information.

Meeting Adjourned at 9:40 am
